

# Chocolate Moulds

# Welcome to Our Company

Cabrellon Srl was born as a small artisan workshop in 1966, in Longare, a small village in the countryside of Vicenza.

The founder, Mr. Silvio Cabrellon, was a skilled craftsman who at the time built generic mechanical components.

During a trade fair, looking for new job opportunities, he met by chance a sales representative of the confectionery industry.

That was the opportunity Mr. Silvio was waiting for, in fact at that time there was a request to find an alternative to the metal moulds that were used to shape chocolate.

From that moment, Cabrellon srl was born, a company specialized in the production of polycarbonate chocolate moulds.

From then on, Cabrellon srl was overwhelmed by ever-increasing demands and new projects/customers, which have allowed the company to grow extremely quickly and establish itself as a leading company in this field.

## Environmental footprint:

Providing high quality products is not only based on the quality of the finished product.

At Cabrellon we firmly believe that the entire production process and its environmental footprint affects the quality that a company generates.

That's why since 2008, all our facilities are completely covered with a photovoltaic system.

In 2023 the plant was further upgraded, reaching a total production of almost 1MWh.

This system covers 60% of our energy needs and all the extra energy we buy comes from a company that uses only renewable sources.

When you find this red dot, it means that moulds are suitable for spinning machine

When you find the letter Z, it means that the article is a compulsory double mould.

Cabrellon company reserves the right to modify at any time and without any notice the technical characteristics of the products shown on the catalogue.

Any total or partial reproduction of this catalogue without company's authorization is forbidden.

## Colors Range

Pralines (from page 03 to 24)

Montage (page 25 to 26)

Fritures (from page 27 to 29)

Halloween (page 30)

Christmas Subjects (from page 31 to 39)

Easter Subjects (from page 40 to 50)

Lollypops (from page 51 to 53)

Tablets (from page 54 to 65)

Print moulds (page 66)

Master Magnets (page 67)

One-Shot moulds (page 68)

Acessories (page 69)

# Customization

and tailor made solution

We have more than 1500 standard designs in stock, and we are constantly launching new ones. In addition to our selection of standard products, we can create tailor made solutions according to your needs.

Cabrellon srl offers 60 years of experience in the manufacturing of chocolate moulds to develop together with you your ideas and transform them into high quality moulds.

Whether it is a praline, a tablet or an hollow figurine our technicians will help you to transform your idea into a beautiful chocolate, that fully embodies your brand identity.

## Other Solutions:

In addition to standard customization, we offer different solutions to provide customised moulds in smaller quantities:

### Praline Customization:

We can customize any type of praline on request and provide a pack with the quantity of 10 pieces.

(Maximum dimensions praline 40x40mm)

### Tablet and Cokade customization:

we can offer you also another solution of customization. We have 2 standard molds in which you can add your logo.

**Tablet** : You can customize this tablet shape (art.17460) by adding, for example, the Logo of your Company.

**Cokade**: You can customize this Cokade shape (art.1483) by adding, for example, the Logo of your Company.

(Pack of 50 pieces)

**TWO TASTES  
EGG**

**1863Z** ●  
DOUBLE MOULD  
205x135  
365x195

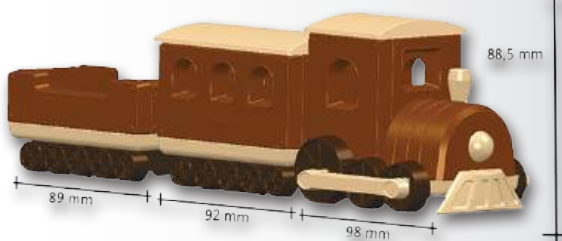

TWO TASTES EGG: With this particular mould it is possible to construct an egg in two halves: bottom and top. This allows to produce half milk chocolate egg and half dark chocolate egg. Or you can put two surprises. At the end you'll joint the 2 sides through a groove and the final result will be a traditional egg.

# Washing Solution

## **POLICARB**

Specific alkaline detergent for washing polycarbonate and tritan chocolate moulds.

Available in two packing:

10L Tank

1L Bottle

## **BRILLCARB**

Innovative adjuvant to use in the rinsing phase: it doesn't contain phosphates.

Available in two packing:

10L Tank

1L Bottle

**Products according to HACCP**

# Divider sheets for moulds

## Customizable

Divider Sheets can be made for any pair of mould.

The moulds suitable for using divider sheets are represented in our catalogue with the red dot. ●

- Packs of min. 30 pieces per item
- Made of PP suitable for food contact
- Reusable

# Divider sheets

for Small Umbrella Chocolates

## How to create

Dividers for Articles 19076 and 19077, mould option for making filled umbrella/parasol lollipops.

We are pleased to inform you of the creation of laminated interleaf sheets.

You will only have to place them, flat on the plates, because these contain perforations adapted to receive and plant the lollipop sticks precisely in the center of each hole.

# Spinning Machine

## MINI ROTATIVA 50

The small MINI ROTATIVA 50 equipped with 2 arms is able to work up to 0,75 KG of chocolate in each arm and it has been studied for smaller laboratories with a small space.

## MINI ROTATIVA 100

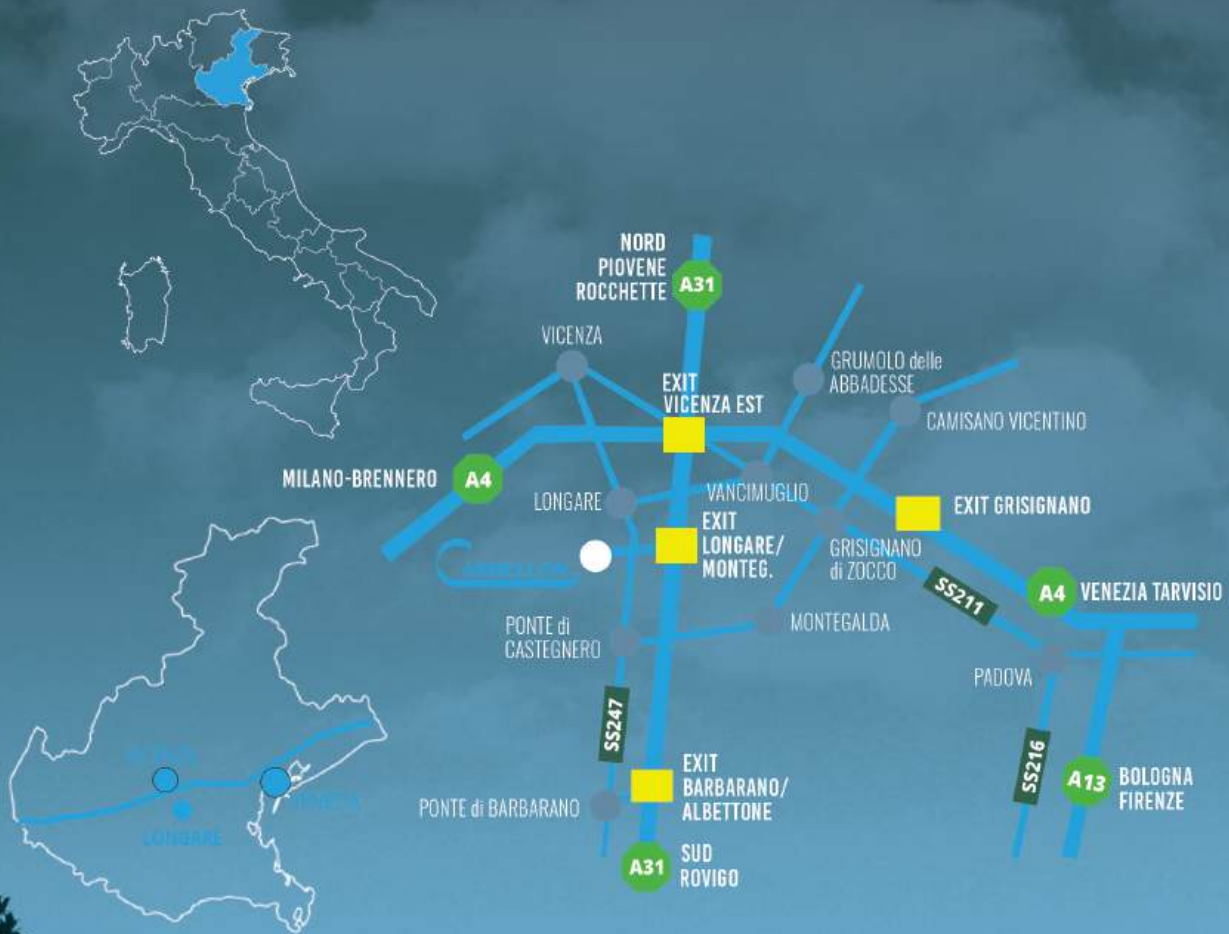

The MINI ROTATIVA 100 is equipped with 4 arms, with a maximum capacity of 1 KG of chocolate each arm. It has been studied for companies with a medium production.

## MAXI ROTATIVA 200

The MAXI ROTATIVA 200 equipped with 8 arms allows to work with 6 KG of chocolate per arm. It is ideal for companies with bigger productions thanks to its high performance and loading capability.
